Joy Woodke, COE, OCS, OCSR,
Academy director of coding and reimbursement

Physicians, administrators, technicians and scribes all play a crucial role in patient care and your practice's financial health. **Join the most knowledgeable coding experts in ophthalmology** for four hours of professional coding education essential to your success. We'll map out the latest critical updates, review key competencies, crosswalk to all subspecialties, and steer you towards successful solutions for appropriately maximizing reimbursements..
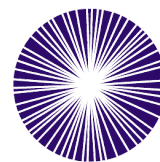

Developed by the American Academy of Ophthalmology, Codequest is the best way to protect your practice from claim denials and audit recoupments.

Topics for the Four-Hour Session

- 2025 Coding Updates, Medicare Physician Fee Schedule changes, including an E/M and Eye visit code comparison and crucial payer policy changes
- Understand the "Why": Gain deeper insights into coding and billing principles, empowering you to tackle challenges with confidence.
- Audit excellence: Elevate your documentation standards and stay ahead of current compliance trends to mitigate audit risks.
- Master ophthalmic injections across subspecialties: Delve into the intricacies and anatomy of correctly coding injections.
- Pop quiz! Take the Coding Competency Challenge and get expert answers to frequently asked questions.
- Review key strategies to prepare your revenue cycle for the inevitable reimbursement disruption.

Have a specific coding conundrum?
Email questions to codequest@aao.org before the course and get answers to your personal coding challenges.
